

### Typical Applications

- ▶ Frangible Plate Mount Kit
- ▶ Frangible Stake Mount Kit
- ▶ Frangible coupling
- ▶ Mounting Stake
- ▶ Top Mounting Plates
- ▶ 5kg Non-Slip Tile

### Major Benefits

- ▶ 7 stage powder-coated heavy duty aluminium components
- ▶ High-visibility yellow colour
- ▶ 316-grade stainless steel hardware
- ▶ Individual replacement parts available
- ▶ Safe, cost-effective installation

Individual mounting plates, breakable couplings and stakes available

200mm PCD and Av15 mounting plates

A number of airfield fittings and accessories exist to complement the range of aviation products, including: light base mounting plates, frangible (breakaway) couplings, ground mounting stakes, non-slip tiles and various hardware.

The stake mount kit includes: light mounting plate, frangible sleeve, ground stake and 316-grade stainless steel hardware. All components (excluding hardware) are made from heavy-duty aluminium, subject to 7-stage powder-coating in high-visibility yellow.

# ACCESSORIES

## Photometrics

Ease of installation with Avlite Systems 5kg non-slip tile.

The 5kg non-slip rubber tile allows for fast installation of lights on temporary airfields and prevents any movement of the lighting fixture.

Provision exists for mounting the Avlite product to the tile and a further four mounting holes provide the ability to peg the assembly directly into the ground.
